Welcome back and everyone has settled in well.

Also welcome to our new families and we hope your children have enjoyed their time with us so far.

Message from Ali Pook, Head of Primary Education for Chulmleigh Academy Trust

Welcome back to the start of a brand-new school year. I hope you and your families had a wonderful, restful summer break and are feeling refreshed for the year ahead.

A special welcome goes out to the families joining the Chulmleigh Academy Trust community for the very first time. We are privileged that you have chosen us to guide your child through these incredibly important early years of education.

Our dedicated central Trust team, heads, teachers and staff have worked hard to make changes and improvements to our schools, preparing classrooms and designing learning experiences. Our primary focus remains unchanged: creating a safe, nurturing, and ambitious environment where every child feels valued and excited to learn. As a Trust, our four schools (Chulmleigh College, Chulmleigh Primary School, St Thomas of Canterbury CE Primary School and East Worlington Primary School) joined together on the Non-Pupil Day for valuable, shared training. For the year ahead, our three primary schools have joint shared school improvement priorities which enables us to use our collective intelligence and expertise to make improvements together; we are also an outward looking trust, gaining support from organisations like Devon Education Services, Jurassic Maths hub and Ilsham English Hub

We firmly believe that education is a partnership between school and home. Your engagement, support, and communication are vital to your child's success, and we look forward to working closely with you over the coming months.

Please look out for regular updates from your school's Head of School regarding upcoming parent evenings, school events, and key dates. There are Open Mornings for all three schools coming up- please share with families who are looking for school places; the dates are:

Chulmleigh Primary School: 23rd September

St Thomas of Canterbury CE Primary School, Lapford: 19th October

East Worlington Primary School: 28th September

Thank you for your continued trust and partnership. Let's make this a fantastic year ahead for our children.

Remembering Steve Baber

Everyone at Chulmleigh Academy Trust was deeply saddened to hear of the passing of Steve Baber at the end of the summer holiday.

Steve had been associated with Chulmleigh Academy Trust since the Trust began and served as Chair of the Trust Board from 2013 until July this year.

For so many of us, Steve was a symbol of stability, continuity, wisdom and kindness. It is unusual for volunteers such as governors and trustees to stay in post for as long as Steve did, but in his case it was no surprise. He was a passionate advocate for young people and understood the importance of education in improving their life chances.

Steve was steadfast in his belief that pupils from disadvantaged backgrounds needed particular care and attention – but not just “hot chocolate, cake and a pat on the head”. They needed a good education and qualifications to gain the opportunities that children from more privileged families enjoy and take for granted. He recognised that education was a force for positive change and was adamant that all pupils should fulfil their potential. Steve leaves a lasting legacy in this Trust for the many pupils whose life chances were improved because they came to our schools.

For many of us, Steve was also a key figure in our careers. He was a source of endless encouragement and advice, and had a particular ability to be supportive without smothering and challenging without offending. He was clear about the values of the Trust and held its leadership to the standards of care and achievement that he believed in so strongly. There was something incredibly reassuring about having Steve as our Chair. Even when faced with difficult decisions, I always knew I could rely on his support – as long as it was the right decision. He would keenly rehearse the rationale behind those decisions with me and the other Headteachers. Steve would call himself our “wingman”, and that made what can be a challenging job running schools feel a lot easier.

Steve also believed deeply in community. West and East Worlington meant so much to him, and Steve meant so much to the community. He was at the centre of so much that is good in the lives of his friends and neighbours, and his loss will be felt deeply both within our Trust of schools and across the wider community.

We will remember Steve with great affection and fondness. As much as we will miss the man, we must also celebrate all that he did and all that he was. The contribution Steve made to our schools and our community will live on for a very, very long time.

Our thoughts are with Steve’s family, friends and all those who knew and loved him.

Mr Payne, Headteacher & CEO

Nursery/Early Worlies

It has been another busy and exciting couple of weeks in Early Worlies! The children have been learning through play, exploring their environment and getting creative with lots of seasonal activities.

Hedgehogs Room

In the Hedgehogs Room, the children have been focusing on leaves and pine cones, exploring their different textures, shapes and colours. They have enjoyed a variety of creative activities, using printing, painting and play dough to make their own artwork inspired by what they have discovered.

The children have also been developing their communication, listening and physical skills through singing and actions. They have been learning and enjoying the songs “Incy Wincy Spider” and “Head, Shoulders, Knees and Toes”, joining in with the actions and words.

Otters Room

The Otters have been embracing their sense of adventure and exploring the world around them! Following the story Whatever Next, the children have been talking about exploring and have enjoyed discovering different areas of the school environment, both inside and outside the classroom.

The children have been using their senses to investigate the sounds of autumn. They listened carefully to the noises leaves make when they are squished and crunched, as well as the satisfying sound of sticks snapping underneath their wellies!

Alongside their outdoor adventures, the Otters have been learning about colours, matching different colours together and developing their early mathematical understanding by exploring the concepts of more and less.

It has been wonderful to see the children learning, creating and discovering together over the past two weeks. We are looking forward to seeing where their curiosity takes them next!

Donation Appeal – Pedal Bikes, Balance Bikes & Toddler Ride-Ons

We are kindly asking for donations of pedal bikes, balance bikes, scooters and toddler ride-ons that are no longer being used.

If you have any in good, safe, usable condition that you would be happy to donate, they would be greatly appreciated and could bring lots of joy to little ones.

Every donation, big or small, makes a difference.

Thank you so much for your kindness and support!

Lower Acorns (Reception Class and Year 1)

All the children have settled back into term and school well. It was lovely hearing about the children's summer holidays and all the fun things you have done together.

Reception have completed their Baseline assessments and have begun to learn their new sounds in phonics. Their topic is 'Let's explore'.

Year 1 have settled back into their timetable and are showing great foundations in their learning, ready for the year ahead. In maths, we are looking at place value. Our topic with Year 2's in the afternoon is Street Detectives.

In English across the class, we are looking at the book 'Mr. Gumpy's Outing'.

Please keep reading every day at home.

Upper Acorns (Years 2 and 3)

In the Nest we have been setting up our routines and expectations.

The class come in and start TTRS in the morning. Any children who need to quiz can do so first thing in the morning.

We have been learning about place value up to 1,000 in Maths. In literacy we are studying a lovely book about a boy called Leo who has autism and through his friendship with an octopus Maya he finds friendship and his place in the world.

Please ensure that you are reading with your child daily. Completing 10 reads that are recorded in the book will ensure your child keeps up to age expectations. Also encourage them to read with you - this will get them a prize from the prize box!

Oaks Class (Year 4, 5 & 6)

From Mrs Heywood

Maths:

In Maths, we have been learning about place value. Year 4 have been looking at numbers up to 10,000 and year 5/6 have been looking at numbers up to 10,000,000. We have been partitioning numbers and learning about the place value of all the digits.

English:

In English, we have started looking at a book called Curiosity. The book tells the story of a mars rover on its journey to Mars. We have been describing the mars rover and Mars in preparation for writing our own space stories.

From Miss Atkinson

We have recently begun our Tribal Tales topic, and our fantastic trip to Kents Cavern was the perfect way to bring this learning to life. The children thoroughly enjoyed exploring the caves and discovering more about how people lived thousands of years ago. The visit has certainly helped to spark their curiosity and excitement about our new topic, and we are looking forward to finding out even more!

In French, we have started learning about the seasons, developing our vocabulary and practising how to talk about different times of the year.

Our Music lessons have been filled with singing as we explore melodies. The children have been developing their listening skills and confidence while enjoying listening to new genres of music together.

In RE, we have been thinking about what kind of world Jesus would have wanted and exploring the story of how Jesus chose his disciples. These lessons have given us lots to think about and have encouraged some thoughtful discussions in class.

Most importantly, everyone has worked extremely hard over the past two weeks. It has been lovely getting to know the children and seeing their personalities, enthusiasm and individual strengths shine through.

AI is being used to turn ordinary photos of children into sexual abuse material. The National Crime Agency and Internet Watch Foundation have issued new guidance to help parents make informed choices about sharing images of their children online. It covers reviewing privacy settings, revisiting consent with your child as they grow, and what to do if you're worried.

The parent's guidance can be found here:
